ROOTING FOR MCKINLEY

Liverpool May Send a Delegation to St. Louis.

IT MUST BE WELL DRILLED

Uniformed in Style and Marching With the Precision of Practice, the Boys Would Not Only Advertise the City, but Would Boom the Great Protectionist.

Governor McKinley has more friends to the square inch in Liverpool than any other public man of today, and the majority of the people not only want to see him president but are willing and anxious to do all they can to land him in the White House a safe winner by a big vote.

Before the committee decided to have the convention take place in St. Louis and there was some prospect of it going to Pittsburgh, the average friend of the governor had dreams that were pleasant. He saw himself marching through the streets of the Smoky City, and heard the inspiring strains of martial music. Before, behind and beside him were people he knew well, and they made up the delegation from Liverpool who were shouting and rooting for the next president with as much vim and energy as if he was a base ball favorite, and the vision is not dead. Members of the McKinley club have revived it, and while they have taken no official action it will be brought up at the next meeting of the club, and will be pushed steadily along. The convention is to be held in June, and there is usually a good boating stage on the river before that time. What is to prevent 150 good patriotic friends of the governor organizing a company under the leadership of a man who can drill them, and after procuring some light, natty uniform, boarding a boat and making the trip, booming McKinley at every wharf and landing on the river, and helping his cause when they get to St. Louis? The plan is a practical one, and can be easily carried out if workers will put their shoulder to the wheel. There are any number of good friends of Governor McKinley in town who are anxious to attend the convention, and will be only too glad to go in this way.

NEW QUARTERS.

The News Review Will Greet Its Friends In a New Home.

After the first of the year the News Review will greet its friends in a new home, a cosy place fitted out as well as any newspaper office in this part of the world. Workmen this morning began remodeling the big store room in the First National bank building, and when they have completed the task it will be a model office. New machinery has been ordered and will be placed in position as soon as possible. The improvement is intended principally for the job printing department, and will include a pony press of the latest design and a gas engine of sufficient power to drive all the presses now in the pressroom and others that may be added within the next few years. The work will be pushed to completion as soon as possible, and it is hoped that the first issue of the News Review in the new year will be from its new home.

FAIRMOUNT HOME DONATIONS.

Hon. David Boyce Has a Word For Contributors.

Hon. David Boyce, who is deeply interested in the children's home, makes this statement: "East Liverpool is furnishing the Christmas treat to the 130 children at the home this year. There may be those who want to contribute toys, dolls or other playthings that will make happy hours for some little one three years old or more, and if so they can take or send them to the office of the township trustees on Fifth street, after each package is properly marked with the name of the donor. They will then be packed and forwarded to the home. All donations should be sent in before Wednesday, Dec. 15. The good people have contributed about all the money we need, and it is intended that the above be extra-just for good measure."

DAVID BOYCE.

STOCKS ARE LOW.

Dealers Will Therefore Want Crockery After Christmas.

The New York correspondent of a trade paper winds up its resume of trade in these words:

"Several of the buyers for the department stores pronounce the present trade conditions highly satisfactory, and say that, at the present rate of consumption, the beginning of another year will find them with their stocks well cleaned out. This fact, to-

gether with the increasing confidence, is a favorable omen to the spring trade, which, it is believed, will open up early." The same paper says that dinner and toilet ware are becoming favorites as Christmas presents. Not only the finest of French china, but all grades down to the cheapest, are in demand for this purpose.

AN INCIDENT.

A Girl in a Decorating Shop Makes a Complaint in Court.

This afternoon Miss Dell Hineman, an employee of the decorating shop at the D. E. McNicol pottery, called on Mayor Gilbert and swore out a warrant against Fred Wolf, a printer, charging him with using indecent language and making threats.

The story connected with the case is that Miss Hineman went to work this morning and found Wolf in bad humor because the other transferer was not there. They talked it over and Wolf became angry, and the girl alleges that Wolf used very indecent language, "which she would not like to repeat." At length she wearied of it, and told Wolf she would hit him over the head with a cover dish. She claims that at this he advanced toward her with a polishing knife raised in a threatening manner, and used more bad language. Then she decided to swear out the warrant. The mayor told her he would have the warrant served, and the girl left the office in a better frame of mind.

BROKE HER SHOULDER.

A West End Woman Fell on an Ice Pavement.

The streets are slippery and several minor accidents have happened since yesterday morning, but only one of importance is reported. The victim is Mrs. Beatty, and she lies at her home on Chestnut street, suffering from a broken shoulder. While walking into the street she slipped and fell heavily to the sidewalk. Her cries soon brought aid, and a physician was summoned, who made her as comfortable as possible.

A man with a satchel in his hand had a hard fall on the Broadway hill last night, his head striking the pavement, and almost rendering him unconscious.

GEORGE CAREY IS SAFE.

Hanlon Will Not Hear to Him Being Sold.

Manager Hanlon, of the Baltimore club, was interviewed the other day, and among other things said:

"So far as Carey is concerned we have no disposition to make a sale, for Carey was as valuable to the Baltimore team last season as any other first baseman in the league was to the club on which he may have played. We are fortunate to have Carey, a tried player, on hand if anything happens to another infielder. We did not replace a weak man with a strong one in getting Doyle, but we got a stronger man to play where a strong one had already been playing."

THE BOLTS BROKE

And There Was Havoc at the Electric Light Plant.

While the engine at the light plant was grinding out electricity for the are lamps last night, the bolts which hold the packing in place around the piston decided to break, and they broke. Pieces of iron and machinery were scattered around the room in a lively manner for a few minutes, and the lights went out. Work was at once commenced making repairs, and the machinists were hard at it again this morning. The accident was one of those annoying happenings that can not be anticipated and always causes inconvenience.

TO CONSIDER THE BRIDGE.

A Special Meeting of Council Will Probably be Called.

It is probable that a special meeting of council will soon be called for the purpose of discussing the ordinance presented by the bridge company at the last session.

"There need be no fear of the word steam in the ordinance," said J. E. McDonald today. That word is simply explanatory, and was not in the first ordinance at all and the clause was prepared by the city solicitor. Yee sir, the bridge will be built."

BROKE HIS NOSE.

A Peculiar Accident to a Small Boy on West Market Street.

The seven-year-old son of William Greenwood, who lives on West Market street, met with a painful accident this morning. The lad was playing with his brother, and the two collided. One was uninjured, but the other had his nose broken. The fracture was a bad one, but the attending physician soon made the nose as good as it ever could be.

NO FEDERAL BUILDING

We Will Not Get One From This Session of Congress.

THE HON. MR. REED SAID SO

Which Means That There is No Denying it. For the Brainy Speaker of the House Always Knows What He is Talking About.

If there are people in town who fondly hope congress will pass a bill for a federal building in this city during the present session, they can wrap their hopes in the most convenient garment and quietly stow them away for a season of rest and repose, for the government will construct no post-office buildings this year.

The information is straight, and comes from no less distinguished public man than Hon. Tom Reed, speaker of the house of representatives and leader of the majority. Not long ago a member of congress asked Mr. Reed to place him on the committee of public buildings because he was anxious to secure one for his town, and was somewhat astonished when the speaker said:

"It won't help you much that way to get on the committee, because we are not going to pass any public building bills this congress. The condition of the treasury will not permit it. The government is running behind from \$75,000,000 to \$100,000,000 a year, for which the Democratic administration is at present responsible. We do not care to share that responsibility, and therefore we must keep down appropriations."

That means we are not in it, and all that Hon. R. W. Taylor, who is said to be strongly in favor of a federal building for the metropolis of Columbiana county, can do, will avail nothing. But we can console ourselves with the truth, if it can be called consolation, that we are not the only town or county in deep disappointment.

ST. CLAIR WEDDINGS.

Two Happy Events Over the Hills Last Evening.

Mr. Albert McIntosh and Miss Mary Irwin were married last evening at the residence of the bride in Calcutta. A large number of friends of the contracting parties were present, and the event was the most interesting in a social way that village has known for many months. The happy young couple have the best wishes of many friends.

Mr. David Figler and Miss Campbell, two estimable people of St. Clair township, were married last night in Fredericktown, where the bride resides. The neighbors and relatives gathered from the surrounding country, and the happy event was duly celebrated.

ALMOST THROUGH.

The Judges in the Poultry Show are Almost Done.

The poultry show had a good attendance yesterday and last night, and well pleased the fanciers and sight-seers. The judges have about completed their work, and by tonight the lucky coops will be listed with their premiums. East Liverpool is getting a fair share of awards, the fowls of this city showing up to a good advantage when in competition. A coop of Barred Plymouth Rocks probably attracted the most attention, as it contains the finest cockerel of the show, the owner valuing the fowl at \$25. The pigeon exhibitors of this city will also come in for a fair share of premiums.

ARCANUM OFFICERS.

The Order's Servants For the Coming Year.

The Royal Arcanum elected the following officers last night: Representative, D. F. Nellis; alternate, G. H. Smith; past regent, D. F. Nellis; regent, M. M. Huston; vice regent, J. D. Clements; orator, Thomas Davidson; secretary, J. C. Orr; treasurer, N. T. Ashbaugh; collector, J. M. Gipner; chaplain, J. S. Hilbert; guide, W. H. Douglass; warden, Walter Burrows; sentry, Leon Rich; trustees, N. T. Ashbaugh, J. C. Orr and John Burner.

The officers will be installed on the second Thursday in January, when a banquet will be served and a program passed through.

WORK SUSPENDED.

Little Was Done This Year on the Dam at Merrill.

Work on the government dam, two miles below Beaver, has been postponed for the season, owing to the cold weather. Work during the summer was seriously delayed because the plans for the summer's work, as submitted by Major Lowe, the superin-

tenant, were never approved by the government authorities. This, it is thought, was due to the depleted condition of the United States treasury. Major Lowe states that if they are permitted to proceed with the work as rapidly as they desire, it will be completed in two years.

SUDDENLY STRICKEN.

An Engineer Paralyzed While at Work in a Pottery.

John Marsh, an engineer who has been employed as assistant at the plant of the Goodwin company, lies near to death this afternoon at Mrs. Micheson's boarding house on Sixth street. While at work in the pottery yesterday Marsh did not complain of being ill, and without warning he fell over. A physician was summoned and a carriage took him to his room. There it was found that he had been stricken with paralysis. He is in a dangerous condition, although he may recover. He is unmarried and is well known in town.

THE LAST OF THE SEASON.

Quail Hunters Are Taking Advantage of the Day.

According to law the season for killing quail ends on Sunday, but as no one is allowed to hunt in Ohio on that day there will be no sport, and the season virtually ends with tomorrow. A number of local hunters are out today taking advantage of what little sport there is left. The season has been anything but satisfactory, and comparatively few birds have been shot in this section. The coveys have dwindled to few and these are shy. Many hunters think there should be no quail shooting for a few years.

SHIFTED THE CARGO.

The Lorena Could Not Go Up Stream With a Big Load.

The Lorena came up the river last night and stopped at the local wharf because there was a great deal of ice in the stream. The Bedford arrived at a later hour, and taking a part of the Lorena's cargo proceeded to Pittsburgh without much delay. The Lorena is a fine looking craft and was loaded with poultry, there being hundreds of chickens, ducks and geese on board for the Pittsburgh market. A few cows and pigs made up the cargo, and the officers were anxious to get to Pittsburgh, but deemed it advisable to remain here over night.

A DOCTOR.

The Fire Department Will Have One In the Future.

The fire department has never had a physician of its own, but in the future matters will be arranged so that should misfortune overtake a fireman while working at a fire there will be a doctor on the ground to attend to his injuries without delay. This conclusion was reached at a meeting of the company this week, when Doctor Taylor offered his services as a volunteer physician and they were accepted. He will wear a badge, and accompany the department to all fires. The matter will likely go before fire committee of council for confirmation.

WINNIE MERCER BETTER.

He Is Improving Steadily and Will Soon Be Well.

Doctor Ogden is in close attendance upon Winnie Mercer, and said this afternoon that his patient is improving, and was much better than he has been any time since he became ill. The quarantine is strictly maintained, and the patient is kept from seeing anyone. Doctor Ogden last night vaccinated all the parties in the house, and believes he has the affair now in good condition. There is no danger of the disease spreading, and there is no excitement whatever in the city.

FARMERS WILL MEET.

Hancock County Agriculturists to Have an Institute.

The members of the Hancock county Farmers Alliance are making preparations for the annual farmers' institute, which will be held at Fairview in January. These instructive gatherings are proving highly beneficial to the progressive farmer. John A. Myers, of the United States experimental station of Morgantown, will conduct the institute, and has some very valuable data to make public at that time.

More Cases.

Smallpox is on the increase down the river and a number of new cases have been discovered at Bridgeport and Martin's Ferry. All are kept under strict quarantine, and every effort is being made to stamp out the disease. Bellaire is trembling in its boots and will not allow the railroad men employed on the pony and living in Bellaire to work at Martin's Ferry or Bridgeport.

A PAINTER IS MISSING

He Went to Cleveland and Then Disappeared.

POLICE HAVE BEEN NOTIFIED

The Man Was from Brooklyn and Was in the Employ of G. W. Meredith—He Was Fitted Out With New Tools and No Reason is Assigned for His Absence.

Joseph Keely, a sign painter, left the city for Cleveland the other day, notified his employer of his safe arrival, and then dropped out of sight.

Kelly came here from Brooklyn, N. Y., where he resides with his parents, for the purpose of painting signs for G. W. Meredith. He has been in the employ of Mr. Meredith for some time, and has painted his advertisements in almost every state of the union. He was not only a competent man, but one that could be trusted, and when he was fitted out with a new trunk, filled with brushes and paints, his employer expected he would have as successful a trip as any he ever had. Kelly went from here to Cleveland, and notified the office here of his safe arrival. Nothing has been heard from him since that time. As the days passed and no word came Mr. Meredith notified his friends in Brooklyn, and received an answer which said they had heard from Kelly in Chicago, but he had told them not to write him there, as he was going away. Why he has not sent word of his whereabouts to this city, or what has become of him is a mystery which those who know him here do not attempt to explain.

DIVIDE THE LAND.

James McCoy Asks the Court to Help Him.

Special to NEWS REVIEW.

LISBON, Dec. 13.—James McCoy, of St. Clair township, today sued George H. McCoy because of a land investment in which both are interested. Some time ago they purchased 53 acres of land at sheriff's sale, and could not decide how to divide it. There was some disagreement between the two, and the matter was taken to court in order that each might have his share.

Matters about the court house have taken on a quiet aspect because court is not in session, but it will be different next week when the two common pleas courts open for business.

A HEAVY BLAST

Said to Have Hurtled Railroad Ties About Dangerously.

The following story comes from the Calcutta road, and is given on good authority:

Before a blast was fired in the big cut yesterday, workmen placed a few railroad ties over the rock to prevent broken pieces from flying about. When the charge was exploded one tie was driven through a coal house on the opposite side of the street, and another hurled with such force against a post as to break it in two, but no one was hurt.

A workman told the reporter there was nothing in the story, but a resident of that part of the city declares it is true.

PAINFULLY BURNED.

Miss Mina Moon Suffered an Accident.

Miss Mina Moon, residing with her parents in Sunnyside, was painfully burned yesterday afternoon. She was heating a small quantity of oil on a stove, when it became too hot and exploded. The flame sprang into her face and seemed to envelope her form, but when assistance arrived it was found that she was not burned as bad as was expected. The injuries about her body and head are not serious, but are decidedly painful.

I. N. Crable, of East Market street, was burned last night at his residence. While turning on the gas a slight explosion occurred, and his hand suffered severely.

A Personal Visit.

It is said that the tax inquisitor was in town today looking after business matters. Since the publication in relation to the methods in use for the collection of delinquent taxes by the inquisitor it is understood that few people from this city have responded personally to the request to bring a list of their property to Lisbon.

Suspended Operations.

A wagon owned by H. V. Potts, a peddler from Beaver county, broke on Second street today and compelled the owner to suspend operations. He was very angry at street railway companies in general, and the local line in particular, because the accident was caused by the wheel catching in the track.

The Fire Department Will Have One In the Future.

The fire department has never had a physician of its own, but in the future matters will be arranged so that should misfortune overtake a fireman while working at a fire there will be a doctor on the ground to attend to his injuries without delay. This conclusion was reached at a meeting of the company this week, when Doctor Taylor offered his services as a volunteer physician and they were accepted. He will wear a badge, and accompany the department to all fires. The matter will likely go before fire committee of council for confirmation.

WINNIE MERCER BETTER.

He Is Improving Steadily and Will Soon Be Well.

Doctor Ogden is in close attendance upon Winnie Mercer, and said this afternoon that his patient is improving, and was much better than he has been any time since he became ill. The quarantine is strictly maintained, and the patient is kept from seeing anyone. Doctor Ogden last night vaccinated all the parties in the house, and believes he has the affair now in good condition. There is no danger of the disease spreading, and there is no excitement whatever in the city.

FARMERS WILL MEET.

Hancock County Agriculturalists to Have an Institute.

The members of the Hancock county Farmers Alliance are making preparations for the annual farmers' institute, which will be held at Fairview in January. These instructive gatherings are proving highly beneficial to the progressive farmer. John A. Myers, of the United States experimental station of Morgantown, will conduct the institute, and has some very valuable data to make public at that time.

More Cases.

Smallpox is on the increase down the river and a number of new cases have been discovered at Bridgeport and Martin's Ferry. All are kept under strict quarantine, and every effort is being made to stamp out the disease. Bellaire is trembling in its boots and will not allow the railroad men employed on the pony and living in Bellaire to work at Martin's Ferry or Bridgeport.

A PAINTER IS MISSING

He Went to Cleveland and Then Disappeared.

POLICE HAVE BEEN NOTIFIED

The Man Was from Brooklyn and Was in the Employ of G. W. Meredith—He Was Fitted Out With New Tools and No Reason is Assigned for His Absence.

Joseph Keely, a sign painter, left the city for Cleveland the other day, notified his employer of his safe arrival, and then dropped out of sight.

Kelly came here from Brooklyn, N. Y., where he resides with his parents, for the purpose of painting signs for G. W. Meredith. He has been in the employ of Mr. Meredith for some time, and has painted his advertisements in almost every state of the union. He was not only a competent man, but one that could be trusted, and when he was fitted out with a new trunk, filled with brushes and paints, his employer expected he would have as successful a trip as any he ever had. Kelly went from here to Cleveland, and notified the office here of his safe arrival. Nothing has been heard from him since that time. As the days passed and no word came Mr. Meredith notified his friends in Brooklyn, and received an answer which said they had heard from Kelly in Chicago, but he had told them not to write him there, as he was going away. Why he has not sent word of his whereabouts to this city, or what has become of him is a mystery which those who know him here do not attempt to explain.

DIVIDE THE LAND.

James McCoy Asks the Court to Help Him.

Special to NEWS REVIEW.

Lisbon, Dec. 13.—James McCoy, of St. Clair township, today sued George H. McCoy because of a land investment in which both are interested. Some time ago they purchased 53 acres of land at sheriff's sale, and could not decide how to divide it. There was some disagreement between the two, and the matter was taken to court in order that each might have his share.

Matters about the court house have taken on a quiet aspect because court is not in session, but it will be different next week when the two common pleas courts open for business.

A HEAVY BLAST

Said to Have Hurled Railroad Ties About Dangerously.

The following story comes from the Calcutta road, and is given on good authority:

Before a blast was fired in the big cut yesterday, workmen placed a few railroad ties over the rock to prevent broken pieces from flying about. When the charge was exploded one tie was driven through a coal house on the opposite side of the street, and another hurled with such force against a post as to break it in two, but no one was hurt.

A workman told the reporter there was nothing in the story, but a resident of that part of the city declares it is true.

PAINFULLY BURNED.

Miss Mina Moon Suffered an Accident.

Miss Mina Moon, residing with her parents in Sunnyside, was painfully burned yesterday afternoon. She was heating a small quantity of oil on a stove, when it became too hot and exploded. The flame sprang into her face and seemed to envelope her form, but when assistance arrived it was found that she was not burned as bad as was expected. The injuries about her body and head are not serious, but are decidedly painful.

I. N. Crable, of East Market street, was burned last night at his residence. While turning on the gas a slight explosion occurred, and his hand suffered severely.

A Personal Visit.

It is said that the tax inquisitor was in town today looking after business matters. Since the publication in relation to the methods in use for the collection of delinquent taxes by the inquisitor it is understood that few people from this city have responded personally to the request to bring a list of their property to Lisbon.

Suspended Operations.

A wagon owned by H. V. Potts, a peddler from Beaver county, broke on Second street today and compelled the owner to suspend operations. He was very angry at street railway companies in general, and the local line in particular, because the accident was caused by the wheel catching in the track.

EAST LIVERPOOL, O., FRIDAY, DEC. 13.

For President,
WILLIAM MCKINLEY,
OF OHIO.

ALL the news in the NEWS REVIEW.

MR. CLEVELAND goes fishing on
Memorial Day and hunting when his
presence is demanded by important
business in Washington. That is the
brand of statesmanship this man of
destiny seems to possess.

THE cry for help comes from Arme-
nia. Murder, rapine and pillage curse
the poor people who have sufficient
courage to stand for their faith. Dare
the civilized world remain inactive
even though its inactivity is due to
the grasping selfishness of a few Euro-
pean nations?

AMBASSADOR BAYARD says the
American people condemn him
because they did not hear all of his
Edinburg address, but he neglects to
remember that we heard enough.
There was no excuse for what he said,
and it will keep him explaining from
now until the cold clouds rattle down
on his coffin before he can change
public opinion.

A LIVERPOOL DELEGATION.

Governor William McKinley has
proved himself the best friend East
Liverpool has had in public life. He
recognized the importance of potting
and the potting industry early in his
career, and from the first, paid particu-
lar attention to the needs of this
city and its people. He has been a
friend who could be trusted, one who
seemed to anticipate the wants of his
constituents, and because of his abili-
ty as a statesman, usually won for
them what they needed. Now he is
out of congress, has been honored by
the people of his state with the high-
est office in their gift, and is before the
public as a presidential candidate.
East Liverpool has always stood by
William McKinley, and justly too.
When the convention is assembled in
St. Louis and all the brains of the Re-
publican party are attempting, in differ-
ent organizations, to choose a candi-
date, our governor may not need the
help of East Liverpool, but he will
certainly appreciate the sentiment of
its people. Few actions would please
him better than for a delegation to
attend the convention and appear as
his friends, and certainly nothing the
city could do would more thoroughly
show its appreciation of his services
in the past. It would be received in
the spirit which it would be given,
and would show to the nation that
the greatest pottery community of
the America continent not only knows
its friends but appreciates them.
Who is there who will set the ball a-
rolling? Where are the men who will
organize a Liverpool delegation for
the St. Louis convention? Let them
stand and be counted.

Anyone who has children will re-
joice with L. B. Mulford, of Plainfield,
N. J. His little boy, five years of age,
was sick with croup. For two days
and nights he tried various remedies
recommended by friends and neigh-
bors. He says, "I thought sure I would
lose him. I had seen Chamberlain's
Cough Remedy advertised and thought
I would try it as last hope and am
happy to say that after two doses he
slept until morning. I gave it to him
next day and a cure was effected. I
keep this remedy in the house now
and as soon as any of my children
show signs of croup I give it to them
and that is the last of it." Twenty-
five and 50 cent bottles for sale by A.
H. Bulger, druggist.

Mr. Ira P. Wetmore, a prominent
real estate agent of San Angelo, Texas,
has used Chamberlain's Colic, Cholera
and Diarrhoea Remedy in his family
for several years on occasion required,
and always with perfect success. He
says: "I find it a perfect cure for our
baby when troubled with colic or
dysentery. I now feel that my out-
fit is not complete without a bottle of
this remedy at home or on a trip away
from home. For sale by A. H. Bulger,
druggist.

DEATH OF THURMAN.

It Ended a Useful and Note-
worthy Career.

DUE TO A HARD FALL ON NOV. 7.

Rehilled Afterward and Seemed to Have
Regained His Strength—Sank Rapidly
Within the Past Few Days—Allen W.
and His Family at His Bedside.

COLUMBUS, Dec. 13.—A long and use-
ful career came to a close when Judge
Allen G. Thurman expired at his resi-
dence, corner of Rich street and Wash-
ington avenue, in this city. The end
was peaceful in the extreme and the
soul of the great man left the earthly
habitation without a sign of physical
distress. At the instant of dissolution
and for some hours before Judge Thur-
man had been lying in an unconscious
condition. He passed merely from sleep
temporal to sleep eternal and the change
was hardly noticeable even to the
loved ones who surrounded his bed-
side.

In the midst of the volumes of knowl-
edge he prized so dearly, and amid the
scenes where he has spent so many

pleasant hours of his nappy old age,
the vital spark took wings from the
image of clay. Judge Thurman died in
his beloved library, which looks toward
the setting sun. Shortly after his fall
several weeks ago, Judge Thurman's
bed was moved from the adjoining bed-
room to his library, and he remained
there. Judge Thurman has lived with
his son, Allen W. Thurman, since the
death of his wife several years ago, and
being unable to leave the house, he oc-
cupied apartments in the second story
of the residence where he spent the
last days of his life in a remarkably
pleasant and agreeable manner.

The beginning of Judge Thurman's
fatal illness dates from Nov. 7 last,
when he fell while walking across the
library floor. A few days after the fall
Judge Thurman was despondent of,
but he rallied from the shock and at
times apparently seemed to have re-
gained his oldtime vigor. Nov. 13
Judge Thurman was 82 years old, and
on that date several of his old friends
called on him and had a pleasant chat.
On that occasion he smoked a cigar with

his friends and seemed unusually cheer-
ful and bright.

Since the accident he has had his
good days and his bad ones. He had
been confined to his bed nearly all the
time, and his physician, Dr. W. H.
Whitaker, called on him daily. That
he was steadily growing weaker was
apparent to all, and it had been known
for some time that his lease on life
could not be protracted much longer.
On account of his confinement to bed,
Judge Thurman began to be afflicted
with bed sores, and in order to relieve
this unpleasantness he at times sat up
and stood up, but he had not attempted

MRS. THURMAN.
to walk since his fall. Last Tuesday
when Dr. Whitaker called he found
his patient sitting up in a chair, smok-
ing a cigar and apparently enjoying
it. He shook hands with the doctor
and said: "My dear doctor, sit down
and talk to me."

He seemed very buoyant and cracked
a joke and, as was his habit, talked to
the doctor in French. It should be re-
marked that recently it seemed to be
one of Judge Thurman's delights to
talk French, showing the remarkable
vigor of his mental powers. Last Tues-
day Dr. Whitaker noticed that he did
not continue his French conversation
as long as usual and soon tired of his
cigar, and when he got back into bed
his pulse was rather feeble.

When Dr. Whitaker saw Judge
Thurman Wednesday about 4 p. m. he
seemed listless and rather heavy about
his eyes and in his mental operations.
However, he recognized the physician
and members of the family. The
change for the worse became quite
marked shortly after midnight Wednes-
day night, and at 2 a. m. the family
became alarmed and sent for Dr. Whit-
aker. At that time Dr. Whitaker
found his venerable patient almost un-
conscious. Mucous had filled the bron-
chial tubes and his breathing was
labored. Dr. Whitaker aroused him
sufficiently to ask him if he was thirsty,
and Judge Thurman nodded his head
in assent. Dr. Whitaker gave him a
little water and whisky, which he
swallowed with difficulty. He seemed,
however, to be partially conscious of
what he was doing. He then sank into
a heavy stupor, from which he was
never aroused. It was known at 2
o'clock yesterday morning that the be-
ginning of the end had set in, and the
family were so notified.

At 10 o'clock yesterday morning Dr.
Whitaker found the patient gradually
sinking. He gave him a little water
and whisky, which was swallowed mo-

chanically. Judge Thurman was per-
fectly unconscious and remained so un-
til he passed away yesterday afternoon.
At the final scene all of the imme-
diate family were at his bedside. He
seemed to be free from all distress, and
during the morning hours all that the
sorrowing family could do was to
moisten his parched lips at intervals.
Those present at the death scene were
Mr. and Mrs. Allen W. Thurman and
the following grandchildren: Lee, Miss
Katherine, Allen G., Jr., Daniel C. and
Starling Thurman, all children of Mr.
Allen W. Thurman.

It has been decided to have the fu-
neral at the residence at 10 a. m. to-
morrow. While efforts will be made
to have the services privately as possi-
ble in deference to public sentiment,
all who desire will be given an oppor-
tunity to review the remains at the
residence. Rev. J. L. Grover, who
yesterday celebrated his 89th birthday,
will preach the sermon. It was Judge
Thurman's request that if Rev. Mr.
Grover was living and in good health
the latter should preach the sermon at
his funeral. Mr. Grover is at present
city librarian, a position he has held
for 22 years, and is still a very active
man.

GOV. MCKINLEY'S TRIBUTE.

He Praised Thurman and Orders the Cap-
itol Flag at Half Mast.

COLUMBUS, Dec. 13.—Governor Mc-
Kinley has issued the following: "Ohio
has lost one of its noblest citizens.
Allen G. Thurman has died at his
home, in the city of Columbus, at the
ripe age of 82. He was a statesman
whose sturdy integrity and exalted
abilities were recognized, not only in
his own state, but in every part of the
United States. As a judge of the su-
preme court of the state he was a
learned and incorruptible interpreter
of the law. As United States senator
he faithfully and with exceptional
honor represented this state in the
United States senate. He was a dis-
tinguished party leader and stood in
the front rank with the great men who
were his contemporaries.
"After being the recipient of many
honors at the hands of his party and
his countrymen, he retired to private
life with the universal respect and
esteem of the citizens of the republic
and the love of all who had the honor
of knowing him. His illustrious career
is a conspicuous example of the pos-
sibilities of American citizenship and is
worthy the study of the youth of our
state. The people of Ohio, regardless
of party, will be mourners at his bier.
Out of respect to his memory it is
hereby ordered that the flag be dis-
played at halfmast over the state capitol
until after the obsequies."

TARIFF SPEECH BY GROW.

The Ex-Speaker Comments on the Tariff
Portion of Cleveland's Message.

WASHINGTON, Dec. 13.—Ex-Speaker
Grow (Rep., Pa.) made a speech in the
house of almost an hour on the portion
of the president's message referring to
the tariff, in which he compared the
old protection tariff laws with the new
customs law. He showed that the new
law up to Dec. 1 had produced a de-
ficiency of \$131,000,000, while under
protection measures from 1880 to 1898
the revenues had exceeded the expendi-
tures by \$1,310,000,000.

He attributed the depletion of the
gold reserve to the payment of current
deficiencies out of the reserve and
maintained that the greenbacks would
not menace the reserve if there was
sufficient revenue. It being apparent
that Secretary Carlisle's report would
not be ready this week, the house ad-
journed over until Monday.

Will Invade Matanzas.

HAVANA, Dec. 13.—Quintin Bravo,
the insurgent leader, is known to be
moving near Zuleta at the head of a
considerable force, and Ignacio Suarez,
another of the insurgent leaders, has
passed Mata, toward La Rosa, intend-
ing to invade the province of Matanzas.

Fitz Agrees to Fight.

NEW YORK, Dec. 13.—According to
Joe Vendig, Fitzsimmons has with-
drawn his objections to meeting Peter
Maher for the \$10,000 purse offered by
Dan Stuart of Texas, and has also
agreed to the date named by the Texas
matchmaker. Vendig says Stuart may
notify Maher today of Fitzsimmons' ac-
ceptance.

Shoots 600 Rounds a Minute.

NEW YORK, Dec. 13.—What is claimed
to be one of the best rapid-fire guns
ever invented by Maxim has arrived
here from Liverpool on the Majestic,
and is now on its way to Washington.
The inventor guarantees its ability to
fire 600 rounds per minute, or ten shots
a second.

They Hissed Herr Ahlwardt.

NEW YORK, Dec. 13.—Less than 200
people heard Herr Ahlwardt's opening
lecture at Cooper Union against the
Jews. Many were not in sympathy
with the speaker and frequently inter-
rupted him with hisses and groans.

Cleveland Enjoying Himself.

MAY CENSURE BAYARD.

Such Sentiment Among Some
House Republicans.

IMPEACHMENT MOTION A BLUFF.

The Republicans Now Concede That It
Was Not Intended Seriously—Merely a
Parliamentary Move to Secure Debate
on Bayard's Actions—Capital Affairs.

WASHINGTON, Dec. 13.—According to
the opinion of two or three probable
members of the house committee on
foreign affairs there is a strong possi-
bility that when the committee comes
to consider the matter of Ambassador
Bayard's two speeches it may recom-
mend the action proposed by Mr. Mc-
Call's resolution.

That resolution proposes that the
house call upon the president to inform
it what steps if any he has taken to re-
call or censure Mr. Bayard. The ques-
tion of impeachment is not before the
house or the committee in any way,
notwithstanding some misapprehen-
sion on that point, for when Mr. Bar-
rett's resolution was disposed of, the
words "by impeachment or otherwise"
were stricken out, leaving a simple di-
rection to the committee to report to
the house what action should be taken
in the premises.

It is now conceded by the Republi-
cans that the proposition to impeach
was not intended seriously, but was
merely a parliamentary move to secure
debate on the ambassador's conduct.
Mr. McCall says that it would be unfair
for the house to assume that President
Cleveland has suggested to the ambassa-
dor that his speeches were improper,
and unfair to Mr. Bayard for the house
to censure him if the president has
done so already. This view is taken
by the prominent committee men.
In case the president should reply that he
has not communicated with the ambassa-
dor there is some sentiment that the
house should censure him.

In case nothing is done before Mr.
McCall thinks that a move to incorpo-
rate a censuring clause in the appropria-
tion bill, including Mr. Bayard's salary,
will be made when that bill comes be-
fore the house. While there are no
conscious precedents for congress-
ional censure of a diplomatic repre-
sentative, it is said to be in order for
the house to censure such an official or
ask the president to recall him. The
leading Republicans were not in favor
of the radical move made by Congress-
man Barrett.

THE FIRST NEW LAW.

A Chicago Bill's Final Passage In the Sen-
ate—Feffer Makes a Speech.

WASHINGTON, Dec. 13.—The proceed-
ings of the senate were more varied
than interesting. They covered the en-
tire range of legislation from the in-
troduction of petitions, bills and reso-
lutions to the passage of bills and in-

cinded two formal addresses. A bill
extending the Chicago port of entry
so as to cover the state of Illinois re-
ceived the final endorsement of the
senate. Having already passed the
house the bill probably will be the first
bill of the Fifty-fourth congress to be-
come a law.

Almost an hour of the session was
devoted to listening to a speech by Sena-
tor Peffer in advocacy of his bill cur-
tailing the expenses incurred in con-
gressional funerals and providing that
a sergeant-at-arms shall take the place
of the committees now sent out by the
two houses as escorts to their homes of
the remains of deceased members.

Gunboats Pass the Dardanelles.

ROME, Dec. 13.—A dispatch received
here today from Constantinople says
that the British gunboat Dryad and the
Italian gunboat Archimede have passed
the straits of the Dardanelles, owing to
a brawl at Galata and Pera.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this paper at a distance
of 14 inches from the eye with little or no strain. Also will be able to read it
with ease and rapidly. If unable to do so your eyes are defective and
should have immediate attention. If the eye becomes tired from reading
that causes a headache. The cause of this is the strain on the eye. It is a
fact that glasses are needed. The glasses sold in the cheap goods are of an
inferior quality and will not give the proper refraction. Continued use of these
poor glasses will result in permanent injury from the constant strain upon the
muscles of accommodation to supply the defect in the glass."

DEATH OF THURMAN.

It Ended a Useful and Noteworthy Career.

DUE TO A HARD FALL ON NOV. 7.

Rallied Afterward and Seemed to Have Regained His Strength—Sank Rapidly Within the Past Few Days—Allen W. and His Family at His Bedside.

COLUMBUS, Dec. 13.—A long and useful career came to a close when Judge Allen G. Thurman expired at his residence, corner of Rich street and Washington avenue, in this city. The end was peaceful in the extreme and the soul of the great man left the earthly habitation without a sign of physical distress. At the instant of dissolution and for some hours before Judge Thurman had been lying in an unconscious condition. He passed merely from sleep temporal to sleep eternal and the change was hardly noticeable even to the loved ones who surrounded his bedside.

In the midst of the volumes of knowledge he prized so dearly, and amid the scenes where he has spent so many

pleasant hours of his nappy old age the vital spark took wings from the image of clay. Judge Thurman died in his beloved library, which looks toward the setting sun. Shortly after his fall several weeks ago, Judge Thurman's bed was moved from the adjoining bedroom to his library, and he remained there. Judge Thurman has lived with his son, Allen W. Thurman, since the death of his wife several years ago, and being unable to leave the house, he occupied apartments in the second story of the residence, where he spent the last days of his life in a remarkably pleasant and agreeable manner.

The beginning of Judge Thurman's fatal illness dates from Nov. 7 last, when he fell while walking across the library floor. A few days after the fall Judge Thurman's life was despaired of, but he rallied from the shock and at times apparently seemed to have regained his old-time vigor. Nov. 13 Judge Thurman was 82 years old, and on that date several of his old friends called on him and had a pleasant chat. On that occasion he smoked a cigar with

his friends and seemed unusually cheerful and bright.

Since the accident he has had his good days and his bad ones. He had been confined to his bed nearly all the time, and his physician, Dr. W. H. Whitaker, called on him daily. That he was steadily growing weaker was apparent to all, and it had been known for some time that his lease on life could not be protracted much longer. On account of his confinement to bed, Judge Thurman began to be afflicted with bed sores, and in order to relieve this unpleasantness he at times sat up and stood up, but he had not attempted

to walk since his fall. Last Tuesday when Dr. Whitaker called he found his patient sitting up in a chair, smoking a cigar and apparently enjoying it. He shook hands with the doctor and said: "My dear doctor, sit down and talk to me."

He seemed very buoyant and cracked a joke and, as was his habit, talked to the doctor in French. It should be remarked that recently it seemed to be one of Judge Thurman's delights to talk French, showing the remarkable vigor of his mental powers. Last Tuesday Dr. Whitaker noticed that he did not continue his French conversation as long as usual and soon tired of his cigar, and when he got back into bed his pulse was rather feeble.

When Dr. Whitaker saw Judge Thurman Wednesday about 4 p. m. he seemed listless and rather heavy about his eyes and in his mental operations. However, he recognized the physician and members of the family. The change for the worse became quite marked shortly after midnight Wednesday night, and at 2 a. m. the family became alarmed and sent for Dr. Whitaker. At that time Dr. Whitaker found his venerable patient almost unconscious. Mucous had filled the bronchial tubes and his breathing was labored. Dr. Whitaker aroused him sufficiently to ask him if he was thirsty, and Judge Thurman nodded his head in assent. Dr. Whitaker gave him a little water and whisky, which he swallowed with difficulty. He seemed, however, to be partially conscious of what he was doing. He then sank into a heavy stupor, from which he was never aroused. It was known at 2 o'clock yesterday morning that the beginning of the end had set in, and the family were so notified.

At 10 o'clock yesterday morning Dr. Whitaker found the patient gradually sinking. He gave him a little water and whisky, which was swallowed mo-

chanically. Judge Thurman was perfectly unconscious and remained so until he passed away yesterday afternoon. At the final scene all of the immediate family were at his bedside. He seemed to be free from all distress, and during the morning hours all that the sorrowing family could do was to moisten his parched lips at intervals. Those present at the death scene were Mr. and Mrs. Allen W. Thurman and the following grandchildren: Lee, Miss Katherine, Allen G., Jr., Daniel C. and Sterling Thurman, all children of Mr. Allen W. Thurman.

It has been decided to have the funeral at the residence at 10 a. m. tomorrow. While efforts will be made to have the services as privately as possible in deference to public sentiment, all who desire will be given an opportunity to review the remains at the residence. Rev. J. L. Grover, who yesterday celebrated his 89th birthday, will preach the sermon. It was Judge Thurman's request that if Rev. Mr. Grover was living and in good health the latter should preach the sermon at his funeral. Mr. Grover is at present city librarian, a position he has held for 22 years, and is still a very active man.

GOV. MCKINLEY'S TRIBUTE.

He Praised Thurman and Orders the Capitol Flag at Half Mast.

COLUMBUS, Dec. 13.—Governor McKinley has issued the following: "Ohio has lost one of its noblest citizens. Allen G. Thurman has died at his home, in the city of Columbus, at the ripe age of 82. He was a statesman whose sturdy integrity and exalted abilities were recognized, not only in his own state, but in every part of the United States. As a judge of the supreme court of the state he was a learned and incorruptible interpreter of the law. As United States senator he faithfully and with exceptional honor represented this state in the United States senate. He was a distinguished party leader and stood in the front rank with the great men who were his contemporaries.

"After being the recipient of many honors at the hands of his party and his countrymen, he retired to private life with the universal respect and esteem of the citizens of the republic and the love of all who had the honor of knowing him. His illustrious career is a conspicuous example of the possibilities of American citizenship and is worthy the study of the youth of our state. The people of Ohio, regardless of party, will be mourners at his bier. Out of respect to his memory it is hereby ordered that the flag be displayed at halfmast over the state capitol until after the obsequies."

TARIFF SPEECH BY GROW.

The Ex-Speaker Comments on the Tariff Portion of Cleveland's Message.

WASHINGTON, Dec. 13.—Ex-Speaker Grow (Rep., Pa.) made a speech in the house of almost an hour on the portion of the president's message referring to the tariff, in which he compared the old protection tariff laws with the new customs law. He showed that the new law up to Dec. 1 had produced a deficiency of \$181,000,000, while under protection measures from 1880 to 1898 the revenues had exceeded the expenditures by \$1,310,000,000.

He attributed the depletion of the gold reserve to the payment of current deficiencies out of the reserve and maintained that the greenbacks would not menace the reserve if there was sufficient revenue. It being apparent that Secretary Carlisle's report would not be ready this week, the house adjourned over until Monday.

Will Invade Matanzas.

HAVANA, Dec. 13.—Quintín Bravo, the insurgent leader, is known to be moving near Zúeta at the head of a considerable force, and Ignacio Sanz, another of the insurgent leaders, has passed Mata, toward La Rosa, intending to invade the province of Matanzas.

Fitz Agrees to Fight.

NEW YORK, Dec. 13.—According to Joe Vendig, Fitzsimmons has withdrawn his objections to meeting Peter Maher for the \$10,000 purse offered by Dan Stuart of Texas, and has also agreed to the date named by the Texas matchmaker. Vendig says Stuart may notify Maher today of Fitzsimmons' acceptance.

Shoots 600 Rounds a Minute.

NEW YORK, Dec. 13.—What is claimed to be one of the best rapid-fire guns ever invented by Maxim has arrived here from Liverpool on the Majestic, and is now on its way to Washington. The inventor guarantees its ability to fire 600 rounds per minute, or ten shots a second.

They Hissed Herr Ahlwardt.

NEW YORK, Dec. 13.—Less than 200 people heard Herr Ahlwardt's opening lecture at Cooper Union against the Jews. Many were not in sympathy with the speaker and frequently interrupted him with hisses and groans.

Cleveland Enjoying Himself.

NORFOLK, Dec. 16.—President Cleveland and party have had a good day's sport. The weather is intensely cold. The Violet is expected here tomorrow.

MAY CENSURE BAYARD.

Such Sentiment Among Some House Republicans.

IMPEACHMENT MOTION A BLUFF.

The Republicans Now Concede That It Was Not Intended Seriously—Merely a Parliamentary Move to Secure Debate on Bayard's Actions—Capital Affairs.

WASHINGTON, Dec. 13.—According to the opinion of two or three probable members of the house committee on foreign affairs there is a strong possibility that when the committee comes to consider the matter of Ambassador Bayard's two speeches it may recommend the action proposed by Mr. McCall's resolution.

That resolution proposes that the house call upon the president to inform it what steps if any he has taken to recall or censure Mr. Bayard. The question of impeachment is not before the house or the committee in any way, notwithstanding some misapprehension on that point, for when Mr. Barrett's resolution was disposed of, the words "by impeachment or otherwise" were stricken out, leaving a simple direction to the committee to report to the house what action should be taken in the premises.

It is now conceded by the Republicans that the proposition to impeach was not intended seriously, but was merely a parliamentary move to secure debate on the ambassador's conduct. Mr. McCall says that it would be unfair for the house to assume that President Cleveland has suggested to the ambassador that his speeches were improper, and unfair to Mr. Bayard for the house to censure him if the president has done so already. This view is taken by the prominent committeemen. In case the president should reply that he has not communicated with the ambassador there is some sentiment that the house should censure him.

In case nothing is done before Mr. McCall thinks that a move to incorporate a censuring clause in the appropriation bill, including Mr. Bayard's salary, will be made when that bill comes before the house. While there are no conspicuous precedents for congressional censure of a diplomatic representative, it is said to be in order for the house to censure such an official or ask the president to recall him. The leading Republicans were not in favor of the radical move made by Congressman Barrett.

W.C.T.U. LADIES THERE

Four Address the A. F. of L. Convention.

CHICAGO'S LABOR DIFFERENCES.

An Arbitration Committee of the Federation Will Try to Settle Them.—The Two English Delegates Address the Convention—Some New Resolutions.

NEW YORK, Dec. 13.—The A. F. of L. convention has approved the proposition and will appoint a conciliation or arbitration committee for the purpose of bringing about a settlement of the labor union differences in Chicago.

President McBride stated that four ladies, representing the National Woman's Christian Temperance union, were present and would address the convention. He then introduced Mrs. Mary Burt, state president of the W. C. T. U.

She said she came to bring the greetings of Miss Francis E. Willard, president of the National Woman's Christian Temperance union, who, through the delegation, took the members of the convention by the hand in kindly sympathy. This greeting came from the world, inasmuch as Miss Willard is president of the national union. The Federation of Labor and the W. C. T. U. had many purposes in common, and through the well directed efforts of the federation this country would take first rank in the industrial world. Mrs. Burt spoke of the serious results of liquor among the working classes, and said the federation should seriously consider it.

Mrs. J. H. Stuckenburgh, national superintendent of the department of temperance and labor of the W. C. T. U., of Cambridge, Mass., spoke at some length on the questions of her society. She said the laboring people had much to do to look after the liquor question. Mrs. Emile D. Martin, national superintendent of the department of purity in literature and art, and Mrs. Frances J. Barnes, national superintendent of young women's work of the W. C. T. U., spoke on similar subjects.

It was voted to have the speeches of the first two representatives printed in the official organ of the federation.

E. J. Covey, the English representative of the miners' union, was then called to the platform. He said he had good news for the people, and that was that a big strike of shipbuilders in Scotland had at last been settled, and the capitalists have failed. In closing he said: "I hope the time will come when these two English-speaking people shall become united on one common ground against our enemy—Capital."

J. Mawdsley, the other representative, and who comes from the spinners' union of Manchester, England, was then introduced. He said he felt pretty sure that if he were a capitalist he would be as wicked as the other capitalists. And every other man in the hall, he thought, would be the same. They should talk more about pounds, shillings and pence than about sentiment. In his trade the workers made a liberal subscription weekly, and whenever the employers were ready to strike the workers were ready to fight. Political freedom means nothing for the workmen without business organization. The speaker deprecated the quarrels between the socialists and other organized workmen.

A great batch of resolutions were referred to appropriate committees. Among others being one providing for a petition to congress in favor of the recognition of the belligerent rites of Cuba and another protesting against any legislation that will open the way to Sunday labor.

Delegate Ashe offered a resolution to abolish written constitutions, as under such constitutions laws enacted by the people have been abrogated by the courts. The resolution was laid upon the table by a vote of 37 to 19.

A Standard Oil Official Fined.

WACO, Tex., Dec. 13.—E. T. Hathaway, of Dennison, Tex., agent at that point for the Waters Pierce Oil company, alleged to be a member of the Standard Oil trust, has been convicted of violating the anti-trust statute of Texas. The jury assessed his penalty at \$50 fine. There are four other defendants awaiting trial, and the indictments include Messrs. Rockefeller, Flagler and the leading Standard and Waters Pierce Oil company officials, although none of them have been arrested. The case will be appealed at once and the much disputed question of the constitutionality of the Texas anti-trust law will be thoroughly tested.

Wm. Rockefeller's Daughter Married.

TARRYTOWN, N. Y., Dec. 13.—Rockwood hall, the elegant residence of Mr. and Mrs. William Rockefeller, near this village, was the scene of the wedding of Miss Emma Rockefeller, their daughter, to Dr. D. Hunter McAlpin, Jr., of New York city. The ceremony was performed by Rev. Dr. Thomas Armistead, rector of St. Bartholomew's church of New York, assisted by the Rev. Dr. Harris.

Baron Dunleath Dead.

LONDON, Dec. 13.—Baron Dunleath (John Mulholland, LL. D.), is dead at the age of 77 years. He was a member of parliament from 1874 to 1885.

HON. H. S. BUNDY DEAD.

Noted Politician and Father-in-Law of Foraker Expires at Wellston.

WELLSTON, O., Dec. 13.—Hon. H. S. Bundy is dead. He was a member of Ohio legislature, presidential elector for Lincoln, and member of Thirty-ninth, Forty-third and Fifty-third congresses, and father-in-law of ex Governor Foraker.

He had been a sufferer from kidney trouble and for its relief had recently undergone a surgical operation here. But his age, 78 years, prevented a recovery and his death followed. Ex-Governor Foraker and his wife, who is Mr. Bundy's daughter, were among the members of his family present when death came. Mr. Bundy's whole life had been spent in that locality, where he enjoyed great popularity. He had been always active in political work, appearing on the stump in almost every campaign. The funeral will be on Monday next.

Postmaster Sued For Obeying Orders.

CINCINNATI, Dec. 13.—The Interstate Savings, Loan and Trust company, has sued Postmaster Brown, to enjoin him from marking mail addressed to the company, "fraudulent" and returning it to the writer as he has been doing under instructions of the postmaster general. The company is one of the quick fortune concerns, of which several are in operation in this city and using the mails, but the government claims that this particular one, by reason of its system of paying bonds is a lottery.

Storer's Stepdaughter Married.

CINCINNATI, Dec. 13.—Miss Margaret Rives Nichols, daughter of the late George Ward Nichols and his wife, nee Maria Longworth, now wife of the Hon. Bellamy Storer, late member of congress of the First Ohio district, and Louis Charles Antoine Guilbert Pierre Pinton Marquis Du Chamburan, a prominent attaché of the French legation at Washington, have been married in the Roman Catholic Church of the Holy Angels in this city.

Oldest Man in Butler County.

HAMILTON, O., Dec. 13.—Squire M. C. McMaken, the oldest man in Butler county, and probably in Southern Ohio, will celebrate his 96th birthday anniversary, Jan. 1, 1896. He will receive his friends at the home of Senator and Mrs. J. J. McMaken. The old gentleman is still in the enjoyment of his faculties, and is in a fair way to pass the century mark.

An Old Soldier Attempts Suicide.

DAYTON, O., Dec. 13.—John Van Dyne, an inmate of the Soldiers' home, while in the city a few days since, slipped and fell on the sidewalk and sustained a fracture of his right hip. While lying on his bed in the hospital the aged veteran asked for his pocket-knife, stating that he desired to clean his nails. Then he attempted suicide with the knife.

An Ex-Convict Killed.

XENIA, O., Dec. 13.—During a quarrel over some change in a restaurant kept by Charles Ward, an ex-convict, who served 12 years for burglary and larceny, Ward was stabbed in the heart and instantly killed by John Thomas. Both parties are colored. Thomas gave himself up to the police. His wrist is broken, and he says he was hit with a club.

Man Caught In a Trap.

NAPOLEON, O., Dec. 13.—A young farmer has been caught in a trap in this county and held fast until morning. The young man sobbed bitterly and begged to be set at liberty, but this was not done until after promises to desist in alleged thefts.

Against Military Training in Schools.

CINCINNATI, Dec. 13.—The Typographical union, presided over by General Kimberly, a local member of that body, has passed resolutions to organize a movement to oppose military training in the public schools.

Two Receivers Appointed.

DAYTON, O., Dec. 13.—Judge Elliott has appointed Hon. Oscar Gottschal and W. P. White receivers for the White Paper company. Bonds, each, \$30,000. Judgments aggregating \$96,000 have been filed.

Wants to Match Smith and Maher.

CINCINNATI, Dec. 13.—Billy Thompson says he will be glad to have Denver Ed Smith take Fitzsimmons' place with Peter Maher in the event of the former not coming to time.

Stamped to Death by Horses.

NAPOLEON, O., Dec. 13.—John Leahy, while unharnessing his horses near this place, became entangled in the lines, causing the animals to kick and stamp him to death.

SMALL OHIO HAPPENINGS.

A brakeman on the Columbus, Hocking Valley and Toledo railroad by the name of Kizer, residing in Columbus, was killed at the junction in Marion on the tracks of the Chicago and Erie railroad, while switching cars. He was a married man.

While intoxicated, Frank L. Davidson, a young photographer of Jamestown, attempted to order his wife firing two shots at her before he was intercepted. He is in jail.

A motion for a change of venue from Tiffin for Lee J. Miller, who murdered Marshal Shultz, was overruled. Miller was the cause of a fatal riot at the Tiffin jail a short time ago.

The N. Y. P. & O. receivership fight was settled at Columbus, and the rights of Receiver Todd will not be further contested by Babst. The terms of the settlement were not made public.

A Cleveland syndicate, headed by John J. Shipper, has just closed a deal by which the entire street car system of Fort Wayne comes into its hands.

Fred Sanders, a five-year convict from Hamilton county, had his foot badly burned with molten metal at the Columbus penitentiary, and will probably be a cripple for life.

Director J. P. Bliss of the board of public works at Columbus, has removed Captain J. L. Stelzig from his position of superintendent of the City park. Last week a little boy named Zollinger was drowned in the shallow lake at the park. The testimony at the inquest showed that Stelzig was on the ground before the boy sank, but would not or did not make in the rescue.

Ex-Detective Grandstaff was convicted at Columbus of presenting false claims for transporting boys to the industrial school. He followed an old custom, and several other detectives are under indictment for the same offense.

LOCAL BREVITIES.

J. F. McCoy, of the electric light company, is on duty again after an illness lasting a week.

The Phoenix club are arranging for a social function of unusual importance for Christmas night.

The cold weather has made good skating in the East End, and people go from the city every day to enjoy the sport.

The Boys' band will dance at Bradshaw hall on Tuesday evening next, and the Authentic club on Wednesday.

A party of hunters went this morning to Nell's landing, where they will shoot for a day or two at all the game they can find.

A small party of friends were entertained at the residence of Colonel Hill last night. The evening was spent in duplicate whist.

Sleighing on the country roads is as good as could be expected for the amount of snow, and would be much better if there were better roads leading into the city.

Roy Young, the trap drummer of this city, has been engaged to play in the band and orchestra with Billy Van's minstrels, and with McGeever and Gould will leave Monday for McKeesport.

The friends of Mr. and Mrs. Kinsey Martin gathered at their home on Avondale street last night, and spent a few hours delightfully. Supper was served and the happy party went home at a late hour.

The banquet of the Eastern Star last evening was an unqualified success. Many members were present, and the merry crowd enjoyed the dancing until a late hour. The occasion was an unusually pleasant one.

The Ohio Republican league, of which the McKinley club is a member, will hold the annual meeting in Columbus on Feb. 12. The evening of the same day the Lincoln banquet will be held. It is not known who will represent the local organization.

The Rovers football club will meet tonight at the Young Men's Christian association rooms to complete arrangements for their game at Youngstown on Saturday. They will take a large crowd from here with them, and have good chances of returning home victorious.

A number of girls who are employed at a river pottery have been asked to quit work because they were in the company of Winnie Mercer the day before he was stricken with varioloid. The object is to lessen the danger of the disease spreading, although the parties were indignant.

Robert Walters, in company with a number of out of town hunters, is spending a couple of weeks at Reel Foot Lake, Tenn. This spot is a desirable one for hunters, as game abounds in plenty. The party expect to return with a goodly number of wild ducks, geese, pheasants and smaller game.

The driver for a Sixth street concern met with an accident on Washington street near the railroad last night. He was making a short turn when the wheel got under the wagon and turned it over. The load of corn was scattered promiscuously over the street, and it required some time to collect it again.

A clerk in an uptown drug store has recently been annoyed by a demented loafer, but the other day hit upon a plan to get rid of him. When the undesirable one enters the store he is offered a toby if he will run to some point in a distant part of town. He usually accepts the toby, and when he reaches the destination has long since forgotten who sent him or why he went.

The Tuxedo Trio, the gentlemanly musicians who were in town this week, have the thanks of the News Review for some excellent music. They were at a hotel in Beaver Falls yesterday afternoon, and obtaining telephonic connection with this office began to play. Mellowed by the distance the music was nothing short of beautiful, although the young men are always able to make exquisite melody.

What came near proving a disastrous accident occurred in a Fifth street home this morning. A child of the family had seen its mother pour a little oil in the stove to help the fire along, and was delighted at the blaze. A short time afterward the little one was prevented, not a minute too soon, from being blown up, for it had the can and was ready to start the contents running into the stove.

A Cleveland horse dealer is quoted as saying that there never was such a scarcity of draft horses as at present. During the past four or five years horses have been cheap as dirt, and it didn't pay to raise them, but during this year the market was drained more by the shipment of 40,000 horses to Europe. Draft horses are now commanding high prices in the cities and few good ones can be purchased for less than \$300 or \$400 each. This is good news for the farmers who have so long wanted a market for horses.

High School Entertainment

A grand entertainment will be given under the auspices of the junior class of the high school at the

Grand Opera House.

The members of the junior class will constitute the talent for the occasion and will furnish a season of delight, which will be a

Musical and Literary Treat

that will reflect credit upon those taking part and upon East Liverpool and her citizens.

For a Good Cause.

The proceeds will be applied to the liquidation of the debt upon the fine Sohmer piano now in the high school.

The Meeting of Christian Societies.

DETROIT, Dec. 13.—The matter of conferring with the Episcopal League committee in Chicago next Saturday has been taken up by the Christian Endeavor trustees, and a committee was appointed to represent the Christian Endeavor society. It was made up of President F. A. Clark of Boston, Rev. E. R. Dille of San Francisco, and Prof. W. W. Andrews of Sackville, N. B. The result of the conference can be nothing more than a recommendation, since any union of the Epworth League would have to be sanctioned by the general conference of the Methodist church next May in Cleveland.
